## TEAMSTER CONFERENCE OPENS IN LOS ANGELES

(CFLNL) SAN FRANCISCO. -- The 15th annual convention of the Western Conference of Teamsters opened this Monday in Los Angeles with 500 delegates in attendance for the six-day session.

Dave Beck, executive vice president of the International Brother-hood of Teamsters and chairman of the Western Conference, called the convention to order at 10:00 a.m. in the Ambassador Hotel.

Conference guests included Daniel J. Tobin, General President, and John F. English, secretary-treasurer, of the Teamsters International. Both were scheduled to address the delegates.

The week's program called for general meetings of all delegates, trade division caucuses, and meetings of the Conference policy committee.

Primary purpose of the Conference is the planning of new organization efforts and solving of present organization problems.

Trade division meetings were scheduled for day and evening sessions through Friday. Plenary meetings were to open Friday afternoon for judgment of division proposals.

One of the chief items scheduled for discussion in all sessions was the Teamster Security Plan, which now covers more than 100,000 members and their families in the western states.

Government wage controls were also expected to draw heavy debate, together with the status of Teamster unions under Taft-Hartley enactment.

The Western Conference of Teamsters was founded in 1937.

#### AFL CHEMICAL WORKERS SCORE LOS ANGELES VICTORY

(CFLNL) SAN FRANCISCO. -- AFL Chemical Workers scored a decisive election victory over CIO organizers at the Lever Brothers plant in Los Angeles, it was announced last week by the National Labor Relations Board.

The bargaining rights victory extends the AFL International Chemical Workers jurisdiction to five out of the six Lever Brother plants scattered across the nation.

Approximately 250 workers are employed at the Los Angeles plant. The AFL campaign was headed by the Chemical Workers International, and received strong support from the California State Federation of Labor, the Los Angeles Central Labor Council, and the Los Angeles Building and Construction Trades Council.

## 130,000 AFL UNIONISTS IN CALIFORNIA WIN WAGE GAINS IN JULY

(CFLNL) SAN FRANCISCO.--Collective bargaining during July, 1951 brought wage gains, averaging around 8 cents an hour to 130,000 American Federation of Labor trade unionists in California.

While the number of workers covered is the highest this year, the amount gained shows the results of the national wage freeze.

Most of the unions negotiating this month had obtained increases during the summer of 1950, which had to be included in computing the amount available this year under the wage freeze.

Details below are from the labor press. Increases are in cents per hour, unless otherwise indicated.

### STATE PREPARING 1951 REPORT ON LABOR UNIONS

(CFLNL) SAN FRANCISCO. ---C. J. Haggerty, executive head of the state AFL, this week urged all affiliated unions to cooperate with the State Department of Industrial Relations in answering the 1951 union labor questionnaire distributed by the Division of Labor Statistics and Research.

The questionnaire is mailed annually to all local unions in California. Replies are summarized and published in the official state report, Union Labor in California.

The report does not list the membership of any particular local, but serves as a valuable record of the number and the industry distribution of California's organized workers.

The report for 1950 covered such features as hours of work, severance pay, room and board allowance, and union membership statistics for California.

Completed questionnaire forms should be mailed to the Division of Labor Statistics and Research, Department of Industrial Relations, 965 Mission Street, San Francisco 3.
